ASI Executive Director's Report

1. SUBJECT: BRIC

DETAIL:

- A total of 1,976 students to date have been pre-registered (waiver and hand scan) for their BRIC membership, including almost 1000 freshmen and transfer students.
- With facility support from the Bronco Student Center and KHP, Fitness programs are thriving this summer. The ten students enrolled in Campus Rec's Personal Training Certification Preparatory Workshop taught by A'Naja Bass, Fitness Coordinator, are developing the base knowledge to excel on the ACE Certified Personal Trainer test.
- Five students are enrolled in the Group Fitness Instructor Workshop, also taught by A'Naja Bass, to learn the skills necessary to successfully complete various group fitness certifications. These programs are extending cost-effective professional development for CPP students.
- A total of thirty participants are wrapping up the first session of BootCamp. The next session begins August 4th with classes offered Mondays and Wednesday at 6pm or Tuesday and Thursdays at 12pm.
- The Campus Recreation supervisors (lead students) joined the team in early July and have been supporting their program Coordinator/Manager to prepare for the rest of the student staff to commence training on September 3rd.
- ASI will be awarded temporary occupancy at the end of August so we can begin receiving and installing all of the equipment and furniture for the building.
- Project completion date has been confirmed for Friday, September 12th. Although a very tight timeline, all critical elements are coming together to ensure the BRIC opens the first week of classes.
