

ASI SENATE MEETING
Thursday, July 23, 2015

Cora M. Culla
ASI Executive Director's Report

1. SUBJECT: Introduction of ASI Leadership Team (LT)

DETAIL:

- The ASI LT provides the day-to-day management of the corporation and guidance for the rest of the team members.
- The LT includes the Executive Director, Directors, Associate Directors, Managers, and Assistant Managers.

2. SUBJECT: BSC Restroom Closure

DETAIL:

- The second floor restroom at the North end of the BSC (by Marketing, Design and PR) has been closed due to a drain pipe that rusted through. The pipes in the North end of the BSC are over 40 years old and we have been having increased issues with plumbing in the BSC restrooms due to the age of the facility. This repair will also impact the Games Room, which is located just under this bathroom. The repair is scheduled to take place this Thursday.

3. SUBJECT: Special Olympic World Games

DETAIL:

- ASI will be partnering in hosting the Special Olympics World Games this week. The four delegations from Lybia, Isle of Man, Laos and Poland will be staying on campus in the Suites starting Tuesday night and leaving Friday morning for UCLA and USC where the World Games will actually be held. An email with more information was sent out regarding the schedule.

4. SUBJECT: Hibachi-San Update

DETAIL:

- The State Fire Marshall approved the plans last week for Hibachi San, which means that the final installation of equipment can now occur and the systems will be tested. We are waiting to hear from Panda Restaurant Group when they will open for business.

5. SUBJECT: Campus Recreation Program Updates

DETAIL

- Campus Recreation is offering a variety of programs this summer. Adventure, Fitness, and Intramural Sports are here to keep you active and moving. With programs such as racquetball leagues, group fitness classes and slacklining, we hope to see you in the BRIC.
- In collaboration with Orientation and ASI Programs, Campus Recreation is hosting Bronco Spirit Nights every Wednesday, for all incoming freshmen. These students get the chance to engage with all of the programmatic areas in ASI including ASI Programs, ASI Games Room and ASI Campus Recreation.
- BRIC members can still enjoy a variety of group fitness classes. Zumba, Yoga, Body Sculpt and more are offered Monday – Thursday. The fitness team is preparing for great programs in the fall quarter from boot camp to an instructional clinic that teaches participants how to run a 5K race.
- Adventures is providing 11 different workshops during the summer quarter including: Slacklining 101, Try a Climb, Top Rope Belay Assessment, Crate Stacking, and much more! If you are interested in learning more about these programs or additional programs, please refer to our website or stop by the BRIC for more info!
