Overview
The California State University (CSU) Board of Trustees decided at its September 21, 2010 meeting to amend the campus master plan to allow construction of a student recreation center at California State Polytechnic University, Pomona (CPP). Acting on a strong show of support from the university's incoming freshman class, the Associated Students, Incorporated (ASI) student government moved forward with the construction of the Bronco Recreation and Intramural Complex (BRIC). The BRIC is a 165,000-square-foot recreation center that is under the management of ASI and features multi-purpose courts and studios, cardio and strength training equipment, outdoor aquatics, an indoor track, rock climbing and bouldering, and spaces for individualized training. This manual includes policies governing Facility Access, Facility Scheduling and Facility/Area Use.

Facility Access
The BRIC is administered by the ASI Campus Recreation Department. The BRIC is not open to the public. An affiliation with CPP is required to be eligible for a membership or guest pass.

General Access - Members
Eligibility categories for membership are outlined below.

Student: Assessed
CPP student enrolled through regular session and incurs the full Bronco Student Center (BSC) Auxiliary Fee included in tuition fees each term.

Student: Non-Assessed
CPP student enrolled through regular session or special session (Open University and other College of Extended University programs) but not subject to the full Bronco Student Center (BSC) Auxiliary Fee.

Student: Continuing
CPP student who is on an academic break (not to exceed 2 consecutive terms), approved leave of absence, or is enrolled in the upcoming term.
**Faculty/Staff**

**Alumni**

An individual who has completed a degree program at CPP.

**Sponsored**

**Affiliate**

An individual who is affiliated with the academic mission of Cal Poly Pomona.

**Membership Rates**

Base rates shall be adjusted annually based on the Higher Education Price Index (HEPI). Management is authorized to provide promotional rates to achieve service and revenue goals upon the recommendation of the Director of Recreation with the approval of the Executive Director. While membership rates include most BRIC programs and services, certain fees may be charged when applicable.

**General Access - Guests**

Refer to General Access – Members for eligibility. Guest passes are non-transferrable. To purchase a daily pass a guest must provide a government issued photo ID. A sponsor may only register up to three guests per day. Guests of Kellogg West or an approved CPP hosted program are eligible for a sponsored guest pass. Persons observed soliciting members for guest sponsorship will be denied access to the facility.
University Sponsored Groups
CPP departments and recognized auxiliary organizations may sponsor off campus groups to purchase one day, weekend and one-week guest pass options at a discounted rate. All passes expire one year from date of purchase and are non-refundable.

Age Restrictions
All enrolled CPP students are eligible for membership. Other eligible individuals under the age of 18 shall be considered for membership or guest pass, at the discretion of ASI.

During non-academic times, ASI, University, or CPPF sponsored programs or events involving minor participants will be permitted inside the BRIC with prior approval from the Director of Recreation or their designee. Any use of the BRIC Pool for ASI, University, or CPPF sponsored events or programs involving minor participants will require a recommendation from the Director of Recreation and approval by the Executive Director a minimum of 90 days in advance. In addition, ASI will comply with any University required stipulations within or related to the Operating Agreement for the BRIC Pool. No other use of the BRIC involving minor participants will be permitted.

Attendants/Aides
If a registered member or guest requires assistance from an attendant while inside the facility, the attendant is permitted to accompany the member or guest into the BRIC and assist the member without incurring a usage fee. While inside the facility, the attendant is not permitted to participate in any personal physical activity. All required documentation including applicable registration and a signed waiver must be on file for the attendant with ASI Campus Recreation. This policy does not apply to any person providing a specific service that is not medically necessary. In the absence of a medically based need, attendants must receive prior approval from the Director of Recreation or designee to gain access to the facility without incurring a usage fee.
Medical Insurance
Members and guests participate in all activities and programs at their own risk and are highly encouraged to consult a physician and obtain adequate health/accident insurance prior to participating in any physical activity.

Refunds
All program, service, pro shop, and membership sales are final. Refunds due to unforeseen medical conditions will be considered on a case-by-case basis. The Director of Recreation or designee may approve other exceptions/special circumstances on a case-by-case basis. All refunds are subject to prorating as well as processing fees.

Refusal Right
ASI Campus Recreation has the right to refuse membership to any individual who is not in good standing with the University and its auxiliaries for any reason or in non-compliance with CSU, CPP, ASI or BRIC policies.

Facility Scheduling

Rental and Reservation
A facility rental shall be defined as an activity or event that incurs facility use charges. A facility reservation shall be defined as an activity or event that will not incur facility use charges. Qualifying groups are eligible for rentals or reservations without membership. Event requests must comply with current ASI Campus Recreation procedures and required timelines. Rental or reservation groups are restricted to the areas specifically outlined in
the rental or reservation agreement and may not use other areas of the facility without the expressed written consent of authorized ASI Campus Recreation staff.

Activity Specific Space Usage

Facility space shall be used in accordance with its intended design and function. Activity based usage will receive priority based on the facility space. Activities which may interfere with other facility usage may be restricted to non-peak days and times at the discretion of the authorized ASI Campus Recreation staff. Further, in consideration of the overall member/student population and the expectation of informal usage, all effort will be made to ensure members have reasonable access opportunities during all publicized open hours. Exclusive rental options shall not be made available during regular operating hours without a recommendation from the Director of Recreation and approval from the Executive Director.

Prioritization

The BRIC is available for rentals and reservations to ASI departments, ASI Student Government, Bronco Events & Activities Team (BEAT), and Cal Poly Pomona student clubs or organizations registered, approved and in good standing (CPP student clubs). The BRIC is also available for rentals to University and Cal Poly Pomona Foundation (CPPF) sponsored events and programs, as well as off campus groups. ASI Campus Recreation shall schedule groups according to the priority listed below when reserving or renting space in the BRIC. Any deviation from these priorities requires recommendation from the Director of Recreation and approval by the Executive Director.

2. Events or programs sponsored by other ASI departments, Student Government, and BEAT.

3. Events or programs sponsored by one or more CPP student clubs.
4. Campus-wide events.

6. Off-campus groups with facility rentals made at least 12 months in advance.

7. All other groups.

In an effort to maintain reasonable member access opportunities during all publicized open hours, each CPP student club shall be granted reservation space for no more than ten (10) hours per week and no more than three (3) consecutive hours in a day.
