

STUDENT GOVERNMENT

Policy Agenda

2018-2019

Campus Presence

The Associated Students Incorporated (ASI) will more effectively serve all students of CPP by actively increasing our presence outside ASI-operated space.

Educational Advocacy

- Seek additional avenues for the student voice to be heard: empower them to speak up and take ownership for their education.
- Use our influence as student leaders to ensure students' educational needs are met.
- Expand access to learning both in the classroom and beyond by creating multiple and diverse ways for educating students.

Clubs and Organizations

- Support and learn from student-run clubs and organizations by increasing our engagement with them in their activities.

Outreach

- Increase awareness of ASI events through more strategic advertising and better use of promotional resources.
- Design and implement the Bronco Associated Student Experience (B.A.S.E) Program to provide first-year and transfer students an inside look into ASI, encouraging future participation as student leaders.
- Ensure every new student to Cal Poly Pomona is provided the same welcome and resources as first-year students.

Sustainability

The Associated Students Incorporated (ASI) will be a sustainable organization through the implementation of innovative programs and practices that will educate students to make sustainably-conscious decisions.

Facilities

- Promote environmentally friendly practices and options both within our buildings and across campus.

Programming

- Actively program and provide resources for students to educate and encourage them to make healthier and more sustainable life choices.

Transportation

- Promote environmentally-conscious forms of transportation to improve access to campus and increase the efficiency of students' time while on campus.

Basic Needs

The Associated Students Incorporated (ASI) will work with Cal Poly Pomona to identify barriers to student success and ensure students' basic needs are addressed.

Student Health

- Open and operate a location on campus where students can receive needed food and learn how to access other resources provided by campus and the surrounding community.

Accessibility

- Ensure we accommodate and support accessibility for all campus community members.

Campus Safety

- Serve as a platform for students to provide feedback to campus and community partners on issues of safety.

Functionality

The Associated Students Incorporated (ASI) will assess and adjust internal processes to effectively and efficiently achieve our goals.

Communication

- Ensure effective communication between ASI student leaders, constituents, and campus administration.
- Capture the voices of ASI student staff by actively reaching out to them for feedback and assistance.
- Collaborate with other CSU campuses to address system wide issues.

Transparency

- Ensure the ASI budget is accessible to students in a concise and comprehensible manner.
- Increase student representation on University-wide committees to increase the impact of the student voice on campus.

Assessment

- Assess our programs, services, and spaces to ensure they are relevant to students both now and into the future.
- Review and update student leader position descriptions, operational and governing policies, processes, and procedures.

Civic Engagement

The Associated Students Incorporated (ASI) will demonstrate to students the importance of using their voice to shape the community around us.

ASI Elections

- Create a sense of excitement on campus surrounding ASI elections and increase the number of students who participate in the elections process.

National Elections

- Increase voter registration on campus.
- Educate and engage all students on prominent issues, regardless of their voting status.

Marketplace of Ideas

- Encourage students to advocate for themselves by hosting open dialogues where students can voice their opinions and learn the skills to civically engage with others on controversial topics.
