ADVOCACY PROJECTS
ASI projects are initiatives in which direct, independent action may be taken by ASI.
Action Plan

Our Administration is committed to assessing internal processes to ensure ASI is equitable in funding, reducing unnecessary bureaucratic barriers, and increasing resources for clubs and organizations.

STUDENT CLUBS & ORGS

Funding
- Assess the internal process in which councils receive funding to address inequities.

Barriers
- Assess the protocol and processes for clubs and organizations, and propose creative solutions that ease the burden on students.

Advertising
- Create a comprehensive list of all the resources ASI has available and distribute that list to all clubs and organizations.
Action Plan

BASIC NEEDS

Food Insecurity

- Establish a volunteer network to support the Poly Pantry.
- Create partnerships across campus and the community to help support the Poly Pantry, and make students aware of the resources available to them.

Our Administration is committed to continuing the support of the growth of the Poly Pantry and other services that address the needs of our students.
Action Plan

Our Administration is committed to increasing the engagement of students with strategic stakeholders.

**Alumni**
- Develop a network of ASI Student Government Alumni to ensure continuity of student-led initiatives and ideas.

**Athletics**
- Create more opportunities within ASI for Athletics to connect with students.

**Legislative**
- Establish a standing body of students to advocate on behalf of Cal Poly Pomona to local legislators.

**Community**
- Participate in and facilitate community-led events that have a beneficial impact on Pomona and the surrounding cities.
Partnership projects are initiatives that will require collaboration between ASI and various campus partners in order to achieve success.
Action Plan

Our Administration is committed to collaborating across campus with key stakeholders to increase club exposure, revitalize programs, and continue to support club efforts to engage students.

STUDENT CLUBS & ORGS

Publicity
- Utilize University resources and new technology to create a universal reference guide for students which includes information regarding all CPP club events.
- Create a process for clubs and organizations to communicate with University departments regarding their resources.

Programs
- Assess programs aimed toward developing club and organization leadership.
BASIC NEEDS

Action Plan

Our Administration is committed to expanding the Basic Needs campaign to include a holistic look at students’ needs.

**BASIC NEEDS**

- **Physical Health**
  - Expand the utilization of resources students use to address physical well-being.

- **Mental Health**
  - Assess the available resources and develop a campaign to advocate for more mental health resources.
Action Plan

Our Administration is committed to addressing the need for consistent, responsive, and accessible communication between the student body and the University.

ENGAGEMENT

Commuter Culture
- Promote a commuter-friendly campus that acknowledges the need for designated community spaces, targeted communication, and activities focused on the commuter experience.
- Create opportunities for student dialogue and development as it pertains to democratic engagement with an inclusive lens.

Civic Communication
- Conduct assessment of nontraditional students in order to advocate more accurately.
- Create a student-friendly resource that helps make consistent communication a two-way street, allowing for independent students to have a voice as well as Student Government.
Advocacy projects are initiatives that can be accomplished through consistent, clear, and constant communication.
Action Plan

Our Administration is committed to assisting clubs and organizations in navigating University procedures and educating them on recent changes to those procedures.

STUDENT CLUBS & ORGS

University Changes

Expand the opportunities for clubs and organizations to be informed in accessible language on the University’s new initiatives.
Action Plan

Our Administration is committed to expanding the Basic Needs initiative in order to address student holistic development and security.
