Cabinet Appointments

Emilee Acosta: Going into environmental biology she was recommended by her predecessor, rising sophomore, officer of sustainability, led alternative transport survey that helped the alternative transportation committee create a project about bike racks. Wants to eliminate plastic waste in the dining area and other areas at school.

ENV: How do you plan on integrating the lyle center into our programs. Is it broad or more specific?

A: She would like to focus more on tours, monthly tours and seeing where that would lead. Long term goal of making sure the students are aware of the lyle center and simply increase the campus's knowledge of it.

Attorney General position. Covers the legal part of ASI. Will be a liaison of the board and cabinet.

Amary Corona: going into her third year as a political science major. Familiar with Roberts rules and served as a delegate on the model United Nations? First time going for a position such as this but fit future goals for her. Felt like this position she would fit best and increase her talents.

VICE PRESIDENT: Was her partner for model united nations. Spoke highly on her traits.

Nominations for Senator Pro-Temp

COLLINS: accepts nomination

SIC: looking forward to her career in finance and going into finance in the future. She would like to be more involved with the board and believes it'll greater benefit her talents
