(Open Forum)

--

Approving committee codes a-g (**action**)

Offered By:	ENGINEERING	Seconded by:	CEIS			
All in Favor	10	Opposed	0	Abstained	0	Motion: PASSED

Commencement

Instead of doing a weekday they're going to go back to the weekend, Friday-Monday. Speakers this year are optional. Their main goal is to review and improve the photo results this year so finding more photogenic location. They'll continue with volunteers and support for the event. Releasing the dates of commencement next week.

CEIS: what improvements were you thinking of making, students would take their own pictures beforehand at more photogenic locations

A: she has a team that will create a video announcement of the best locations to take pictures

PRESIDENT: usually since there's a good number of students, there will be a disconnect between what's on the screen and what's being said but they're trying to fix it.

CEIS: how does the pronunciation process go

A: instructions will be released next semester

No ticket purchasing, they're allocated to each student.

Senator Homework

Pertaining to the senators with clubs under each council. Every single active club under your respective colleges, send Naman the president and treasurer information, name of the club, when they meet. Go to each of the clubs, find out how many members, the pros and cons, and what you think can be done better. Senators who don't have clubs write down ten pros and cons of your counsel

Electing senators to committees

We need three people on each committee. The Basic Needs committee meets 1:00-2:30 pm every other Friday and the next meeting is 10/27. Sustainability committee meets 11:30-1:00pm every other Thursday.

Basic Needs interested: Class, Engineering, Env.

Sustainability interested: Ceis, Science, Ag

Suspend Roberts Rules and move discussion item c to action item **(action)**

ASI BOARD OF DIRECTORS REPORT

DATE: 10/26/2023

SUBMITTED BY: Cade Wheeler, Engineering Senator

Meetings/Committee(s) Notes:

- Engineering general club meetings in full swing
- presented notes about increasing likelihood of successful DRs for ESC during their Eobard meeting
- ESC went to WRC for engineering councils at different schools, said they gained a lot of useful ideas to boost student engagement
- Attended the Pure Praxis Title IX training, involved similar subject matter to the mandatory Greek/Athletics supplemental training, we acted as a focus group to give feedback on implementing the training into a classroom/office setting

Continuing:

- try to meet one new ESC club representative every meeting
- staying in consistent contact with council president and senators
- continue to conceptualize fundraising event for the ESC
