Sparrow

Sparrow has made it their mission to provide students financial stability to succeed in school while working. They’ve made a student exclusive platform to find flexible jobs where they can work on their own terms. They would like to provide all essential college resources in one location, partnering with restaurants and movie theaters, and a book rental place as well. Students should sign up for sparrow because they target undergraduate student's needs, flexible work requiring low experience, pay is average since the job is freelance or one time, takes minutes to get hired as opposed to weeks.

VP: What other colleges have you partnered with? A: A college up in the bay area and focusing on colleges in the bay since that’s where they’re located.

VP: Is there an effective rate? A: There is no answer atm, however around 300 students who’ve signed up who like the platform

AG: Is there a vetting process? A: Yes, there's a criminal check and standard checks and you must have a school account

CEIS: Is there any cost to students A: free for both students and clients

PRESIDENT: What other CSU’s have you partnered with, what kind of partnership are you interested in ASI, CPP? A: No CSU’s yet interested in whatever the college is willing to give

VP: Is there an app I can sign up on? A: Not yet you can sign up, but you cannot use the app yet

IHC: are you planning on moving towards internship type jobs? A: Yes, also moving to graduate students and other jobs

IHC: For your client base is there a large amount of diversity within the jobs they offer? A: No, they focus on having a job not building their resume

MESA/MSA visit

ASI is currently creating a resolution to address what is currently happening. They’re in the process of reaching out to those they need to contact.

BUSINESS: allocates her time to Abdullan

Abdullan: What is the content of the resolution that will be put out? We would like to collaborate with ASI in drafting this response because there are so many people who are being impacted by this. They're like to release a statement on their rights and what they're like most of all.

PRESIDENT: Whatever statement that ASI releases is based on the voice of the students.

VP: what are the senators hearing about the students and what's going on and the level of which the heat is

CEIS: there hasn't been any time allotted to this matter, she's only heard about the CFA strikes.

AG: havn't heard anything, only the faculty as well and what she sees on social media

CLASS: one professor brought up the issue reminding students of the resources available to them.

CSSA updates

CIVIC is an opportunity to demonstrate communication between colleges and state legislatures. There was a meeting for CSSA about changes to education requirements. Big discussion on affordable housing. CSU is the largest college system in the U.S. so all the feedback is important.

CEIS: are there any particular actions you'd like the senators to take?

SUBMITTED BY: Megan Shadrick, Student Interest Council Senator-At-Large

Meetings/Committee(s) Notes:

- Meeting w/ SIC advisor
 - Finally met with Council advisor
 - Happy to report that SELS has the ability to, and has sent a couple, newsletters through MyBar to the entire campus
 - One of my goals - hoping to get a SIC spotlight, allows students to view club meeting and event information aside from the once-a-semester club fairs
 - Also happy to report that they are working on completely revamping the SELS experience next year including CORE training and access to resources
 - I plan to meet with Jason, the head of SELS, to see how I can personally assist them with this process and voice my opinions on behalf of the SIC
 - We will now have frequent meetings with our advisor before and after council meetings
 - Next council meeting is Tuesday 11/14 and eboard meeting is Friday 11/17
- Athletics
 - Bronco Sports Traditions Focus Group had a meeting last month
 - We began brainstorming for our event in the Spring & look forward to a big turnout
 - Met with the CCAA Commissioner, the head of the entire athletic conference that CPP is in
 - We discussed current athlete challenges and concerns

- I especially brought up the issue of CPP's athletic club (SAAC) not having access to ASI budget money which effects our NCAA athlete's experience
 - I will follow up with him on that and plan to meet with him again in Dec.

Current & Continuing Projects:

- SIC
 - Since the last council meeting, less clubs are without budgets
 - Some are still waiting on financial services to release the budget, this is happening slowly but surely
 - Next steps are finally set up some goals with our advisor and get the SIC office cleaned out so it can be utilized

Upcoming Events/Reminders:

- N/A
