Commencement 2025

PRES: How will the two engineering commencements be broken up?
A: By department and how many students come into each department. We like to keep certain departments with certain departments. We work closely with the colleges that do have two ceremonies when we work to do the breakdown. We want to get the schedule out before December finals.

Student Government Scholarships

PRES: Been considering masters, if I were to apply for a scholarship would it be rolled over for the next year that I would be doing my master's program. "How should I go about this?
A: If the donor is considered for graduates, then you can apply for them. It's tricky for graduating seniors but the moment you become a graduate the system will consider you a potential candidate.
PRES: so, i wouldn't be able to apply for scholarships unless it was undergrad and graduate qualifications?
A: Yes.

October 8ᵗʰ Town Hall Debrief

VP: When do you think we should hold the next town hall? What went well and what went bad?
AtGen: have someone keep an eye on the chat in case someone has any questions. Went well.
CEIS: my council is asking if the next town hall could have preview topics sent out in the week beforehand.
VP: like bod where we send out information before hand?
A: yes
AG: announce it farther in advance so we can get the date out and make sure people can attend
SIC: they liked how people in the club could interact with their senator and other members, going forward to have it earlier in the semester so they can get a sense of what they need to do financially. Helpful to have vp, president, and financial director
ENV: sending out a google form beforehand for people attending so that we could get a better gage on what they have questions on and need addressed.
LIZ: agree its important to have financial staff there to clear up misinformation
ENV: would you be open to having a townhall open to all students not just clubs and councils. I'm sure they have questions from ASI and SG
PRES: we can definitely do that, it's difficult because it'll be hard to narrow it down to topics on what everyone would like us to cover, we could use a google form to do that
AG: something more of an event rather than a townhall might be better
CEIS: agreeing about the google form to send out to students and councils
