Open Forum

VP: Hello, welcome back! What is Billy Bronco’s fav class? Horse power engineering! Please record your name and affiliation to ASI for guests of the gallery.

[Guests introduce themselves, refer to guest of the gallery list]

VP: if anyone wants to address the Board, please raise your hand and I will allow for one minute. Seeing none, we will move on to Board Reports, please keep it to one or two minutes.

[Board Reports are read, refer to attached Board Reports]

Action Items

VP: You all received the presentations beforehand. Go into the Teams chat so you can all see those resources, finances, and presentations. We use scorecard sheets to make sure we are keeping up with viewpoint neutrality. Andrew will now explain.

Treasurer: A column called files has line items that will show further details as well as the scoring rubric as it was completed by the finance committee. The total points received vs points possible is shown. For amounts over \$3000, additional checks needed.

Action Item A: Council Unity Cup Budget Request

VP: We are saved \$1500 dollars, so

Treasurer: we have to amend the request to reflect the new amount. There is a cap on requests for \$6000 dollars, so the board has to make a decisions if this can be exempt. This is exceeding by \$1300. I believe the board wil have to vote if we feel confident that

STP: Is there is a way to gain the 1300\$ another way?

Treasurer: Only if there was another organization could provide that amount from their reserves today.

ENV: What would happen if it doesn't pass?

VP: We would have to see what else we could cut, which is concerning because this event is coming up. We want to make this exception because it is for all of us and Student Government

ENV: Is there infrastructure for the board to make this exception?

Treasurer: We follow this to a T, and there is no current infrastructure, so we can waive this and go with the board's discretion.

SIC: can the treasurer give an example of what may be cut if not passed?

Treasurer: We may cut services and merchandise

VP: I would cut our food, which is not ideal.

Roger Fang: We can function with \$6000, the biggest portion would be the giveaways. In terms of the large scale activities and food, that can all be done with the \$6000. The essentials would be covered.

STP: Would any councils want to pledge more for this?

VP: We have already asked this, so we don't want to ask this again. We have plenty to access, it's just this limit and wording of the document. It's not even \$2000.

ENV: I worry that unless there is a push to change the wording, though there currently is/ How will we talk about navigating that space since it is an ASI event?

VP: There was not enough money to hold an event and go to CSSA. Cade and I didn't have a say in the budget from last ywar. This is our chance to advertise to students. If it is just this one event, which is the case, but we feel that it is justified amount to go past the \$6000. I would encourage the rest of the committee to also speak on this.

SIC: The last time we had an event like this was not recently, so I think we should use as many resources that we can. So, I think we should increase that cap. Afterward, based on this event, we can evaluate.

Pres: ENV mentioned concerns. We have discussed a lot of good intent behind this, and we don't know when the cap was determined, but pricing has gone up since then. We've done a lot of work to analyze our financial situation. I think this would also be different if we were frivolous, but I've seen the process and how everyone is being fiscally responsible.

Discussion Items

Discussion Item A: BOD Meeting Schedule

VP: We had some concerns, according to the bylaws we must meet at least every other week. Location and time is up to the discretion of the chair. Spring semester has a lot of things to go over and approve, this was communicated and the reason for priority registration.

Information Items

A. Student Government Leaders Expectations

VP: At the retreat, we have talked about holding each other accountable for this like this. Thank you to those who have worked these concerns out. Under Student Government>General Files in the BOD channel, you can see the expectations document. Throughout this semester, we will formalize this document and work with our advisors and attorney general to make this part of our binding documents and have everyone sign it. If you didn't make it to the retreat, you need to meet to review the expectations document and attend the true colors training.

ATT GEN: This would eventually be voted on by the board.

VP: We'll have everyone sign it and then have everyone vote later on.

B. ASI 2025 Elections

VP: Applications are now live. Those graduating, you are responsible for recruiting to run for your spot. At the retreat, Amy our Elections Assistant gave a presentation that you should all share with your councils by Feb 13.

AG: What is the scope that we can assist those that are running?

STP: It is in the elections package.

VP: Elections committee is being put together, so please let us know if you have anyone interested. We need a couple more people and they get a stipend.

Pres: Basic Needs also needs more people.

VP: Please follow up about council unity cup and all participant by Feb 15. This was on the presentation, Sherwin will reshare the google sheet to record all participant.

Treasurer: Can councils compensate people participating in unity cup?

ED of ASI: There is a limitation on scholarship stipends, and that would fall under that. It is prohibited that councils give stipends to students, but you can provide a pizza.

Agriculture: Club points or some chips are fine?

ED of ASI: Yes, that's fine.

VP: as long as you follow the guidelines.

MCC: I posted the files for excel and the slides on Monday.com. If you need any help, I could come, just teams me.

ENV: Where is it on Monday.com

MCC: Its on unity cup all the way on the side.

VP: the elections presentation is also in the chat so please keep your councils informed.

C. SG Office Announcement – Submit Office Hours & Motion Preparation for BOD

Isabelle Guevara: Please submit motions that are not prepared by the VP to the BOD teams channel, where we will have a designated post. This is to keep track of and document motions including specific language. Office hours for the Spring semester are due by tomorrow (Friday, Jan. 31).

D. Treasurer Announcement - RSO’s Spring Disbursement

Treasurer: Fall actual enrollment numbers came in slightly higher than budgeted. Additionally, the latest enrollment numbers for spring indicate that we are on track and close to meeting our budget projections and with that I feel confident that we should release the remaining 30% of Allocations

ASI BOARD OF DIRECTOR'S REPORT

DATE: 1/27/2025

SUBMITTED BY: Andrew Soel, ASI Treasurer

Continuing Projects:

Seven requests from Finance Committee will go before Board of Directors this Wednesday, with a total potential approval amount of \$46,896.45. All will be funded by the NP&A. Majority of requests are from either CCHMC or Ag. An additional two are slotted for presentation next week during the first regular meeting of the Finance committee, to be chaired by Senator Pro-tempore (Vice-chair).

ASI ADF to present corporate budget presentation during the second regular meeting of the finance committee, 2/21, all are welcome to learn more about the ASI books.

Invited to all council allocation meetings as established by ASI FS to cover potential allocations and budget timelines in the coming months attending as many as possible.

Working to establish meeting times with council leaders to cover financial wellness on campus.

Attended SG retreat, found great value in the time spent together as a team. Would consider scaling down offerings for conservative budget planning.

Discussed budgetary constraints with President, VP, Pro-temp, requested conservative spending for the remainder of the semester to prevent significant budgetary deficits.

Working to start monthly lunch for council treasurers to discuss finance issues for RSOs.

Upcoming Events/Reminders:

ASI to launch third student approver on all DR's & PO's effective 1/31

ASI to launch Credit, Debit, and E-check payment processing in Q1 2025, date TBD.

Good News:

- **WELCOME** Jordan Maxwell as our new ASI BSC Operations Manager!
 - We are excited to announce that Jordan Maxwell will be joining the Bronco Student Center (BSC) team as the new Operations Manager starting January 13. Jordan brings a wealth of experience in student center operations, leadership, and student development, making him a valuable addition to our team. With over nine years of experience in higher education and five years in student center operations, Jordan has demonstrated exceptional skills in managing complex facilities and developing student leaders. In his most recent role as the Assistant Director of Operations at the Aztec Student Union at San Diego State University, he oversaw a 200,000-square-foot facility that hosted more than 7,000 events annually. He supervised a diverse team of 60 student staff and two full-time professional staff, ensuring top-tier customer

service and safety. Jordan is also committed to fostering inclusive spaces and supporting student growth. At West Chester University, he led initiatives to enhance diversity, equity, and inclusion within the student union and developed staff assessment programs to identify and achieve learning outcomes. As the BSC Operations Manager, Jordan will oversee day-to-day operations, including facility safety, games room management, lost and found services, and staff supervision. His expertise in risk management, training, and policy development aligns perfectly with our mission to provide a safe, welcoming, and student-centered environment. Please join us in welcoming Jordan Maxwell to the ASI team. We are confident that his leadership and dedication will make a significant impact on our team.
