Action Items

Board Meeting Schedule (**Action**)

SENATOR PRO-TEMP: We know that Spring requires more business and have many events such as Unity Cup and CSSA that require us to meet more frequently. Let's discuss these now.

SIC: One concern we had is the overlapping with council meetings because they meet during Thursday, so if we block out Thursdays, we are unable to be at those meetings. It is important to be President for those meetings.

SENATOR PRO-TEMP: Luckily, they are available for Tuesdays so they can move since they are part of ASI. This is not a question of the motion, so since this was an open motion, we will be taking only questions to the motion.

Offered By:	Science	Seconded by:	MCC			
Approve weekly BOD meetings on Thursdays from 11:30am-1:00pm for the 2025 Spring Semester						
All in Favor	9	Opposed	4	Abstained	0	Motion: PASSED

Discussion Items

PRESIDENT: I am bringing 6 student-at-larges 4 for GAC, 2 for the elections committee. [Presentation [SAL Nominees for GAC & Elections .pptx](#) begins]
 Any Questions for Daniel?
 SIC: Why do you think you are qualified to have this position with your office experience and background in Political Science?
 Daniel: I have worked a lot with local government, which struggles with outreach. I learned a lot about being able to reach out to people and getting them to care about local government. I am currently a building manager at the BRIC and am already working with people of different backgrounds.
 PRESIDENT: We will now continue to other candidates, but unfortunately, they were not available to be here today.
 [Continues Presentation for all Student-At-Large candidates]
 SENATOR PRO-TEMP: Any additional questions?
 Agriculture: How many do we need to appoint for each.
 PRESIDENT: for elections there is the chair and 3 appointments, for GAC there is 3. We will be seeing a few more throughout this week
 ENV: Can they be ASI staff?
 PRESIDENT and SENATOR PRO-TEMP: Yes.
 Agriculture: Will these be two separate motions?
 PST: No, we will have it be a blanket motion
 AG: We need a motion to move into action item.

A. Student At Large Appointments for Governmental Affairs Committee (GAC)

Offered By:	President	Seconded by:	Science			
Move to suspend Robert’s rules, as a blanket motion, to move discussion items A and B into action items.						
All in Favor	13	Opposed	0	Abstained	0	Motion: PASSED

Offered By:	President	Seconded by:	Engineering			
Approve Action Item B and C, Student At Large Appointments for Governmental Affairs Committee (GAC) and Student At Large Appointments for Elections Committee to be approved						
All in Favor	(amended)	Opposed	(amended)	Abstained	0	Motion: PASSED

Agriculture: I am concerned about approving all at once because Genevieve does not have Political Science experience, so I think she may be a better fit for another committee.

President: I think you don't necessarily have to have a political science background. WE want to engage the campus with political advocacy work, but the point of this committee is to engage more with the campus, so I don't think you need to be a political science student to do political advocacy work. In consultation with Sec. Ext. She has gone through the application process to ensure all are interested.

SIC: I think it would've helped if they were here, so we could have asked all of them about concerns. There is some hesitation since we don't know them, so I think that Agriculture has a point.

SENATOR PRO-TEMP: They won't be coming to BOD meetings, only GAC meetings which are held on Fridays not Thursdays at all. I will be deferring to President since he and Sec. Ext. Has been involved

President: I think the more student representatives we have, the more engagement we have with campus and students. A lot of this work is not going to be incredibly influential for all of ASI, they will be researching and connecting to senate members. I am a fan of more student Representation, so I hope that you don't hold it against them and they may not be able come to approve them in person.

Science: They don't have to attend Board of Directors meetings.

AG: Can we motion to approve them individually?

SENATOR PRO-TEMP: We can but after this current motion on the floor gets denied.

ENV: I would agree with Agriculture because we'd like her to be in a place of what she is studying more. It doesn't have to be a poli sci student, but I think she would be a better fit for Basic Needs.

SENATOR PRO-TEMP: I would like to consider making a motion to approve each student individually. Do we want to amend the motion.

President: I would like to motion to approve the other three as a blanket statement for simplicity's sake.

CEIS: Wouldn't we have to be unbiased toward her for her major?

President: That only applies to finances.

Offered By:	Agriculture	Seconded by:	ENV			
Amend current motion for GAC specifically.						
All in Favor	13	Opposed	0	Abstained	0	Motion: PASSED

Offered By:	President	Seconded by:	Engineering			
Approve Action Item B and C, Student At Large Appointments for Governmental Affairs Committee (GAC) and Student At Large Appointments for Elections Committee to be approved						
All in Favor	13	Opposed	0	Abstained	0	Motion: PASSED

Discussion of the motion

Offered By:	President	Seconded by:	SIC			
Approve Daniel Alvarez for STUDENT-AT-LARGE for Governmental Affairs Committee for the Spring Semester.						
All in Favor	13	Opposed	0	Abstained	0	Motion: PASSED

Offered By:	President	Seconded by:	Science			
Approve Genevieve Huynh for SAL for Governmental Affairs Committee for the Spring Semester.						
All in Favor	10	Opposed	3	Abstained	0	Motion: PASSED

MCC: Would President know any experience Genevieve may have for local or state government?

President: I know she is friends with Alejandra, and she is doing work for our civic action, and she helped a lot with this work. There is not a lot of experience in her resume, but I'd like to remind that we are ASI: care and growth, so I understand your concern but we are all students so I don't think we should be exclusionary.

Science: this is an opportunity for her to get experience in this specific field

Agriculture: Can she run for another committee if not approved for this committee?

President: Yes, but it is hard enough to gain interest and she is interested in this

Offered By:	President	Seconded by:	Science			
Approve Fiona Takeuchi for Student-At-Large for Governmental Affairs Committee for the Spring Semester.						
All in Favor	13	Opposed	0	Abstained	0	Motion: PASSED

Offered By:	President	Seconded by:	ENV			
Approve Stephanie Paredes for Student-At-Large for Governmental Affairs Committee						
All in Favor	13	Opposed	0	Abstained	0	Motion: PASSED

B. Student At Large Appointments for Elections Committee

[SAL Nominees for GAC & Elections .pptx](#)

Offered By:	President	Seconded by:	MCC			
Approve Jacob Reyes and Steve Andrade as Student At Larges for the Elections Committee for the 2025 Spring Semester						
All in Favor	13	Opposed	0	Abstained	0	Motion: PASSED
