Request

We are requesting **\$3,000** to help fund the flights and hotel

- The transportation for this trip is greater than previously budgeted for. The veterinary school is extremely isolated and we were limited on airports and hotels due to how vastly spread out hotels and airports are. Additionally, this is the largest group we've ever had
- The hotel was blocked for us by the APVMA
- Nashville International airport + the charter bus was the most economical option, yet still outside of our original budget of \$2000
